Plant Maintenance, Page 3

We can breakdown (oops, not a good word for maintenance, let's say "sub-divide") the other areas as follows (click on the hyperlinks for pictures):

- Building Systems Maintenance
  - Electrical systems  Electrical Switch Gear
  - HVAC systems
    - Boilers
    - Chillers  800 ton Chiller
    - Distribution (fans, pumps, etc.)  Utility Tunnel
  - Controls (energy, lighting, etc.)  Controls
  - Life safety
    - Fire alarm
    - Fire sprinkler  Sprinkler Standpipe
  - Conveying systems
    - Elevators
    - Lifts

- Operational Equipment Maintenance
  - Production equipment
  - Support equipment

- Site and Property Maintenance
  - Grounds (terrain and landscaping)  Grounds Work
  - Pavement
  - Utilities
    - Stormwater  Stormwater Basin
    - Sewer
    - Water
  - General pest control
    - Termites
    - Other vectors

- Housekeeping
- General cleaning
- Materials logistics
